Details: A packed trip visiting the Forge Mill Needle Museum in Redditch, an unusual, fascinating and historic site which illustrates the rich heritage of the needle and fishing tackle industries and demonstrates how Redditch once produced 90% of the world’s needles. On the same site are the ruins of Bordesley Abbey – a medieval Cistercian Abbey which has been extensively excavated. Bordesley Abbey Visitor Centre, which is set in an original reconstructed 16th century barn, tells the extraordinary story of the Abbey from its development in the 12th century to its destruction in 1538 by Henry VIII during the dissolution. Also on site is an excellent coffee bar and gift shop selling souvenirs and a good selection of the finest quality needles, many of which are locally produced. We also stock unusual needles. A short distance away we will have the opportunity to shop until we drop at Webbs of Wychbold Garden Centre.

The trip will be open to EVERYONE, so do bring a friend.
